Ann Arbor Public Schools – Ann Arbor Technological High School (formally Stone High)

– 2010-2011

August 15, 2011

Dear A2 Tech High Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) that provides key information on the 2010-11 educational progress for Stone High School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, Adequate Yearly Progress (AYP) and teacher quality. If you have any questions about the AER, please contact Sheila Brown, Principal at 997-1237 for assistance.

The AER data is compiled and posted by the State of Michigan Department of Education. Some of the data is statewide only. On the AAPS website you can find additional data directly related to our district (www.a2schools.org)

The AER is available for you to review electronically by visiting the following web site www.a2stone.org or you may review a copy from the main office at Stone.

For 2010-2011, A2 Tech High did not make Adequate Yearly Progress (AYP) because:

- We did not attain target achievement goals in English language arts.
- We did not attain target achievement goals in mathematics.
- We did not meet the 90% attendance rate goal.

Because our school has not made AYP we have identified these steps for this school year:

- Increase number of students earning credit
- Increase MME participation and scores
- Increase parent involvement and school-family connections
- Use of incentives and interventions to develop consistent, effective policies and practices to increase attendance
- Continue work on curriculum alignment and assessment models that comply with State requirements while meeting Stone's unique student needs.
- Increase reading and writing proficiency of students
- Increase math scores through use of mandatory labs for failing students
- Study grading practices and impact on student grades

State law requires that we also report additional information.
